**7<sup>th</sup> Grade Exam 2019/2020**

**Read the following passage then answer the questions below:**

Most students spend their school days sitting at desks learning. Salim does a lot more than sitting at a desk when he is in school. He climbs up high ladders, walks down the sides of buildings and rides in a fire engine. He is learning to be a firefighter from 8 to 2 a.m. At the Fire School, for two days each week, Salim sits in a classroom to learn science, math, and emergency medicine. He learns the science of fires, how to calculate water pressure, and how to treat medical emergencies. During the other three days, he goes outside and learns how to climb buildings, rescue people trapped in burning buildings and many other things. "Firefighters and their colleagues have to know lots of different things," They have to treat medical emergencies, know how to handle dangerous chemicals, and rescue people who have fallen from high places. Teamwork is one of the most important lessons students learn at the school. Working together saves lives. Fighting fires is not easy. Each time firefighters go out, they know they might not come back.

**Choose the correct answer from a, b, c and d:**

**1. What is the best title of the passage?**

- A. Salim's Life                      B. Firefighters' Work                      C. Fire School                      D. A School Day
